[Third Party Testing FAQ](#)

THIRD PARTY TESTING is required to support a certification of compliance to the rules shown below for children's products that are manufactured after the effective dates listed with each rule. The laboratories in this list have been accepted as accredited to test products to one or more of these children's product safety rules, as identified in the accreditation scope for each laboratory. A manufacturer of a children's product that must comply with one or more of these rules must support its certification of compliance with test results from one of these laboratories. -CHECK THE: [List of Accredited Testing Laboratories](#)

United States-Australia Free Trade Agreement

[\[TEXT\]](#) **[\[PDF\]](#)**

- Adoption of interim regulatory changes for the customs provisions within the U.S.-Australia Free Trade Agreement, effective February 16, 2016. The document adopts as a final rule interim amendments to the U.S. Customs and Border Protection (CBP) regulations that were published in the Federal Register on February 10, 2015, as CBP Dec. 15-03, to implement the preferential tariff treatment and other customs-related provisions of the United States-Australia Free Trade Agreement. There is one change: it clarifies 19 CFR 10.725(c) by removing the parenthetical cross reference to §§ 10.746 and 10.747 and, instead, stating that the importer's actions must be "pursuant to" those CBP regulations.
