and Transportation
United States Senate
Washington, DC 20510

Dear Senators:

The undersigned organizations request that you and your colleagues on the Senate Committee on Commerce, Science and Transportation favorably report out the nomination of Peter Feldman to be a Commissioner on the U.S. Consumer Product Safety Commission (CPSC). Mr. Feldman's nomination is critically important to restoring the CPSC's ability to act in a balanced and effective way to support consumer safety.

We represent manufacturers of consumer products, their suppliers, retailers, and other parties regulated by the CPSC. Our members are committed to producing safe products, and we support effective regulation and oversight by the CPSC as an important complement to our shared commitment to safety and excellence. Mr. Feldman's reputation for public service and thoughtful oversight in his role as Senior Counsel to your committee make him an ideal choice for this position.

It is vital that the Senate immediately devote the attention necessary to confirm all of the pending CPSC nominations to ensure the agency is fully functional and protecting consumers.

Thank you for your consideration.

Sincerely,
